*exploring*

a new **design ecology**  
for the digital environment

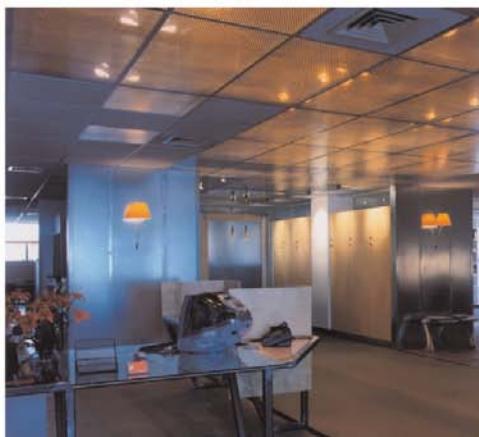

*finding*

a new way of **being**

**at home at work**  
**at work at home**  
**at home at play**  
**at play at work.**

*making*

the architecture of **your identity and brand**

***At home at work. At work at home.***

***The alternative workplace*** is where  
work, comfort, rest and play co-exist.

***The alternative workplace*** is where  
the company office, the mobile office,  
the virtual office and the home office  
overlap.

*Here individual and corporate identities form  
new partnerships.*

***We are no longer tethered to our desks.***

***At play at home. At home at work.***

***The cocoon is where person, place  
and identity become one.***

***The cocoon is open, dynamic, receptive, informal;  
a realm of intimacy and independence where  
leisure, work and play are intertwined.***

*Here urban qualities are echoed within a serene  
and private microcosm of the city.*

***We are in our element.***

Screening Room

Live Room  
Auditorium

***At play at work. At work at play.***

***The new media lounge is a creative interface between the transformative vision of the individual and cutting-edge technology.***

***The new media lounge is a twenty-four hour workspace for the artist, technician and producer: an Avid facility, a screening room, a live room, a recording studio, a mixing room.***

*Here a new experience of multimedia culture is born.*

***We imagine differently.***

***At home. At work. At play.***

***GenD furniture*** allows an open, versatile, and comfortable matrix to form between mind, body and technology.

***GenD furniture*** elements are strategic configurations mediating actual and virtual space, private and shared space.

*Here technology challenges the way we live, work and play.*

***We challenge technology.***
